RE: Application for Camera Sites at Mill River Park

Please accept this letter as an application from the Mill River Collaborative for approval for camera installations sites for detecting and preventing crime and property destruction.

The proposed locations of the cameras are attached.

Note that the 11/30/2007 Agreement between the City and the Collaborative authorizes the Collaborative to patrol Mill River Park and report to City police any damage, destruction, vandalism or undesirable behavior.

Surveillance Level – we are requesting Surveillance Level 2 for the locations in the park (“disclosed Public Surveillance Cameras without a Public Feed and without Monitored Surveillance (or with pre-authorized Monitored Surveillance less than than 8 hours per week”).

When cameras are placed, they will be placed to avoid any potential risk of intrusion, any risk of revealing confidential information, and avoidance of any sensitive or secured areas (for example, windows of private property such as homes or offices).

Thank you for your consideration of this request. If you have any questions, you can call me on 203-989-0321, ext. 102.
