Our goal? – to chip EVERY pet!

Project Chip'n is another community outreach program offered by OUTREACH TO PETS IN NEED. Your pet will receive a FREE microchip with lifetime registration in HomeAgain's registry to give him or her the best chance of coming back home should a disaster strike or should (s)he become lost or stolen. A microchip implant takes just seconds for a vet to administer, and then your pet has permanent ID that will last its entire lifetime.

Outreach to Pets In Need is an all-volunteer 501(c)(3) nonprofit organization, helping to fund the new city Shelter. Please donate to our New Stamford Animal Shelter capital fund – let's build a better shelter! www.opinpets.org ~ (203) 326-0216

Putting an end to pet homelessness

OPIN wishes to thank our volunteers, Mr. Sapia's 4th Grade Class of Springdale School, who funded 53 microchips with their generous donation and Marcus Suppo, DVM, Owner of Stamford Veterinary Center & My Pet Lodge for his time and commitment in bringing you this event.
