PIPE LINER

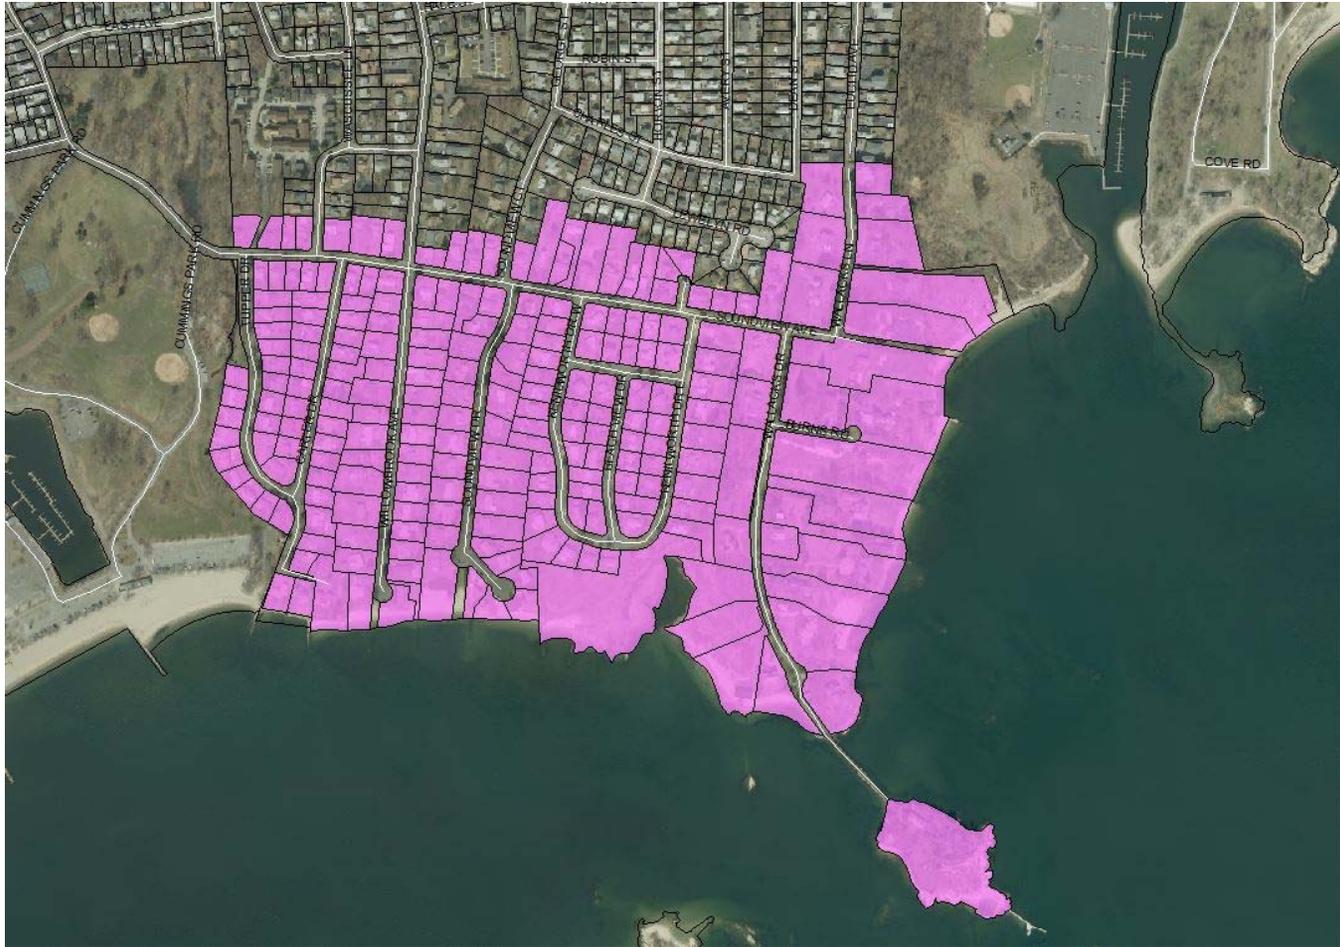

Tentative schedule

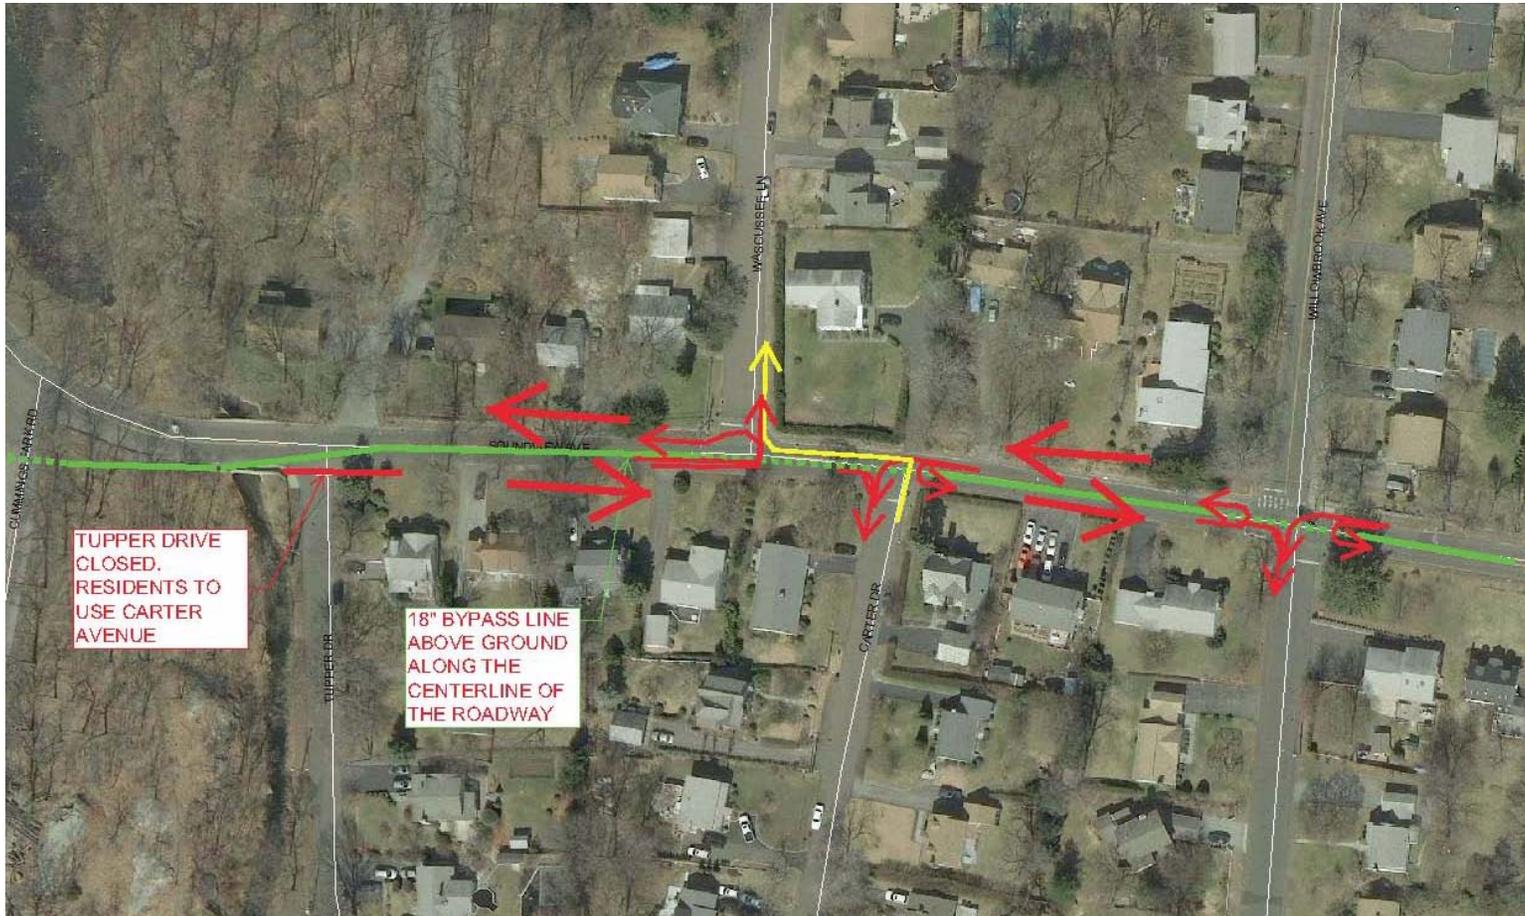

- ❖ Work hours will be from 7:00 am to 7:00 pm Mon-Fri
- ❖ July 28h – Contractor begins delivery of equipment and parts for temporary bypass pumping and forcemain installation
- ❖ August 1st – 30th – Contractor installs temporary 18 inch diameter forcemain pipeline along centerline of Soundview Avenue (pipeline to be buried in intersection with connecting streets, and placed on top of roadway between intersections).
- ❖ September 2nd – Contractor begins equipment mobilization for sewer lining installation
- ❖ Sept 8th – Contractor begins sewer cleaning and internal sewer inspection
- ❖ Sept 15th – Oct 2nd – Contractor installs sewer liner in 36 inch diameter and 42 inch diameter interceptor pipe in Soundview Avenue (estimated to take approximately 14 business days M-F)
- ❖ Oct 6th – remove temporary forcemain and restore road and property impacted by construction
