COMMENTS:

PLEASE READ CAREFULLY:

(1)

(2) Stamford WPCA REQUIRES FORTY EIGHT (48) hours notice (2 business days) to process closing figures.

(3) **The Stamford WPCA bill is based on the previous winter water consumption for November to April and is billed the following October and April. In all cases, consumption goes with the property.**

Please read the above information carefully. Make sure name, address, closing date, and any other pertinent information is correct. If not, please notify us immediately. The WPCA REQUIRES that the "New Owner" and the "New Owner Address" lines be completed on this sheet, and a copy mailed back to the WPCA with payment in order to properly finalize the closing process.

NOTE: The WPCA is not responsible for errors in the closing figures due to incorrect information supplied by the closing attorney (or responsible party), nor will the WPCA be held liable for improper transference of property ownership should a copy of this sheet not be filled out according to step #3 above, and sent back to this office.

NOTE: The WPCA is not responsible for errors in closing figures due to use of estimated consumption being different than actual water meter readings on the day of the closing.

Thank You For Your Cooperation.
