Owner Certification of Smoke/Carbon Monoxide Detector Compliance

As of January 13, 2013, City of Stamford Ordinance Sections 70-10 through 70-20 will go into effect. As the owner of a single or two family dwelling in Stamford, it is your responsibility to ensure that there are properly installed and operating smoke and carbon monoxide detectors in EVERY dwelling unit.

Smoke and Carbon Monoxide Detectors approved by the State Fire Marshal shall be installed as per the manufacturer's instructions in the following locations:

- A smoke detector and carbon monoxide detector shall be located on the ceiling or wall outside of each separate sleeping area in the immediate vicinity of bedrooms.
- A smoke detector shall be located in each room used for sleeping purposes.
- A smoke detector shall be located in each story within a dwelling unit, including basements but not including crawl spaces and uninhabitable attics. In dwellings or dwelling units with split levels and without an intervening door between the adjacent levels, a smoke alarm installed on the upper level shall suffice for the adjacent lower level provided that the lower level is less than one full story below the upper level.

As the owner of a single or two family dwelling in the City of Stamford, you are eligible to self-certify that you are in compliance with the Ordinance as stated above. Please print your name, the address of this property, the List # and then sign on the owner signature line below. The completed form is to be sent to the Stamford Fire Department, 629 Main Street Stamford, Connecticut 06901.
