<i>Item 8</i>	This is a request for approval of an additional appropriation because the City of Stamford had to re-bid the hauling and disposal of single stream recycling and it will no longer be a revenue stream but is <i>now an expense</i> . We are expecting 12,000 tons of recycling in the 2018/19 fiscal year at a new bid cost of \$65 per ton minus 20% of the commodity price for mixed paper. **Additional Appropriation – Human Resources – To Audit and Evaluate the Current 457 and 401(a) Vendor Performance**

<p><i>Item 9</i></p>	<p>The City of Stamford, as the fiduciary for the 457 and 401(a) plans, has a responsibility to review fees associated with these plans, and to seek to lower fees whenever possible. Prior to July 1, 2017, the City had three (3) 457 vendors (ICMA, Nationwide and Mass Mutual) and one (1) 401(a) vendor, ICMA. Each charged different fees.</p> <p>Specifically, the City has the responsibility to:</p> <ul style="list-style-type: none"> <li>Review the service provider's performance;</li> <li>Read any reports they provide;</li> <li>Check actual fees charged;</li> <li>Ask about policies and practices (such as trading investment turnover, and proxy voting); and</li> <li>Follow up on participant complaints.</li> </ul> <p>By working with the City's 401(a) and 457 investment advisor, we were able to secure approximately \$14,800 in refunded fees from Mass Mutual. This money has been returned to the City and we would like to use these funds to pay the investment advisor to ensure that the City, as the fiduciary, is in compliance and to audit and evaluate the new vendor's performance.</p>
