**Motion by:**  
**S. Gabriele**  
**Second by:**  
**D. Williams**

**Public Participation:**

(*Video: 00:01:11*) Resident Kieran Ryan, 345 Stamford Avenue, Stamford, placed, for the record, his objection to Item 3 - Executive Session to Update the Board on any Pending Litigation. His understanding - from articles printed in the Stamford newspaper - was that all pending litigation matters were settled. Law Department Director Kathryn Emmett explained that at this point the claims are not finally settled, there are still negotiations occurring in regard to the settlement. They are also not finally adjudicated because there will have to be further court determinations by Probate Court to have the final conclusion of the litigation.

Board Member David Kooris arrived at the meeting at approximately 7:08 p.m.

**Reports to the Board:** (*Video: 00:03:55*)

- A. FY 2016/17 YTD Board of Finance and Administrative Transfers – Chairman Freedman had a question regarding transfers to which OPM Interim Director Fountain responded.
- B. Appropriations from Contingency, FY 2016/17 as of 05/01/2017

Mr. Freedman noted that earlier in the evening there was an Audit Committee Meeting to discuss the 2016-17 Management Letter with Controller David Yanik. Minutes from this meeting are being prepared.

He added that he is adamantly committed to current and long-term financial integrity.</p> <p>Mayor Martin thanked members of the Board of Finance for their help in the last three years to change the course in this direction. **LEGAL DEPARTMENT**

(Video: 00:33:12) Mr. Freedman asked for a motion to enter Executive Session. Before a motion was made, Mr. Gabriele asked Ms. Emmett about the possible effect of going into Executive Session in light of Mr. Ryan's earlier comments and the possibility he may file a FOIA complaint. She confirmed her earlier statement that it is her opinion that it is not a violation of FOIA for us to be in Executive Session because we are still in the process of negotiating the settlement documents and the settlement is not, in fact, final. She added: nor has the final adjudication of the cases occurred at this point because there is still probate that needs to occur before this case is concluded. When asked how long it could take, she suggested that it should take no more than a month, but she couldn't say for sure and emphasized that they are definitely working on it.

At this point, Mr. Freedman again asked for a motion to enter Executive Session. Mr. Williams made the motion with Ms. Rinaldi seconding. The vote was 4-0-2 with Mr. Gabriele and Ms. Michelson abstaining. At 7:41 p.m., members of the Board of Finance, Richard Freedman, Mary Lou Rinaldi, Dudley Williams, Sal Gabriele, David Kooris and Shelley Michelson, together with Mayor David Martin and Kathryn Emmett entered Executive Session.

	<b>Video: 01:06:38</b>	Prior to this item beginning, Mr. Freedman mentioned that the Mayor controls funding and the discussion should not cover fiscal issues. Ms. Moore agreed. Ms. Moore introduced Ms. Arrieta and said they were present to share information on the HIV Prevention Program. She believed the program was cut from the 2017-2018 budget without the BOF's full knowledge of the program. Their purpose was to provide information and to clarify any misinformation. She gave a background on the program and where it is today. Mr. Jankowski said he would like to recognize the work done in	<i>Continued...</i>

***Additional Appropriation – Audit and Evaluation of the Current 457 and 401(A) Vendor Performance***

Item 15	<p>The City, as the fiduciary for the 457 and 401(a) plans, has a responsibility to periodically review fees associated with these plans and to seek to lower fees wherever possible.</p> <p>The City currently has three (3) 457 vendors (ICMA, Nationwide and Mass Mutual) and one (1) 401(a) vendor (ICMA). The total plan assets for these plans are approximately \$100,000,000 each, charging different fees.</p> <p>We issued an RFP last year and a committee with both City and Union representatives selected one (1) vendor and significantly reduced the fees charged to participants. Moreover, the use of one vendor will reduce additional work for Payroll.</p> <p>By moving to one vendor, we were also able to reduce the investment lineup, leverage pricing, improve purchasing power, and reduce administrative costs and investor confusion.</p> <p>By working with the City’s investment advisor, we were able to secure \$20,000 from one of our current 457 providers. This money has been returned to the City and we would like to use these funds to pay the investment adviser who assisted the City in issuing the RFP for the 457 and 401(a) vendor. The total cost for the services was \$15,000. The remaining funds will be used for expenses associated with auditing and evaluating the new vendor’s performance.</p>	<p><b>THIS ITEM WAS HELD AT THE APRIL MEETING OF THE BOARD.
